## COLORADO GOLD OUTPUT LARGEST

### LEADS THE UNITED STATES IN PRODUCTION.

### SILVER SHOWING IS GOOD

FALLS JUST A LITTLE BEHIND NEVADA AND UTAH.

### ANNUAL REPORT IS ISSUED

Gold Production of 1907 Shows Falling Off Compared With 1906. Alaska Runs Close to Colorado in Gold, but Has Very Little Silver.

WASHINGTON, Jan. 2.—The production of gold in the United States fell off $4,753,401 in 1907 as against 1906, whereas the amount of silver produced was increased by over 1,000,000 fine ounces. Alaska's gold production fell off a little more than $3,000,000, according to the preliminary report of the director of the mint, issued today.

Colorado is shown to have led all of the states in 1907 in the production of gold, as it did in 1906, the amount, however, being reduced from nearly $22,000,000 in 1906 to nearly $21,000,000 in 1907. Montana leads the list in the production of silver, with 2,418,000 fine ounces, with Colorado and Utah only a few thousand ounces behind.

The following table shows the value in dollars of the production of the principal gold and silver states for the year 1907:

| State | Gold. | Silver. |
|---|---|---|
| Alaska | $18,251,010 | $98,061 |
| Arizona | 2,595,516 | 1,872,272 |
| California | 17,304,923 | 1,535,281 |
| Colorado | $20,888,833 | $7,687,769 |
| Idaho | 1,786,800 | 4,095,293 |
| Michigan | 296,573 | |
| Montana | 1,206,347 | 7,907,889 |
| Nevada | 14,094,858 | 5,129,756 |
| New Mexico | 235,221 | 284,622 |
| Oregon | 1,179,888 | 54,953 |
| South Dakota | 1,066,416 | 62,247 |
| Texas | [illegible] | [illegible] |
| Utah | 4,853,511 | 1,753,[illegible] |
| Washington | [illegible] | [illegible] |
| Wyoming | [illegible] | [illegible] |
| Total, 48 states | [illegible] | [illegible] |

Alabama, Georgia, Missouri, North Carolina, Porto Rico, Philippine Islands, South Carolina, Tennessee and Virginia produced small quantities of gold and silver, which are included in the totals.

The commercial value of the fine silver in 1906 averaged about 68 cents per ounce, and in 1907 about 66 cents per ounce.

The production of fine silver in 1906 amounted to 56,611,000 ounces.

## FIREMEN WILL RECOVER

### MEN INJURED IN JAP RIOT ARE IMPROVING.

Vancouver Is Not Excited Over Occurrence—Foreigners Held on Charge of Attempted Murder.

VANCOUVER, Jan. 2.—In the police court today, H. Nakashei, K. Tangusi and M. Tenewye, Japanese, appeared on a charge of attempted murder in connection with the stabbing of the three firemen on New Years day. The accused were remanded, bail being refused. Reports from the hospital this evening state that Richard Frost and George Anderson, two of the firemen stabbed, are doing well, but will not be out of the hospital for several days. The third member of the fire department, the affray, Alexander McDonald, was only slightly cut in the neck and is able to be about.

There is no excitement in the city over the occurrence, it being recognized that one of the firemen pushed another against the window of a Japanese boarding house in a spirit of New Years frolic and broke several panes of glass. The Japanese, hearing the firemen's cries and believing they were to be attacked, rushed out and, in great excitement, attacked the firemen with knives. The fireman was almost sliced off and his lip, chin and cheeks were split open. Anderson was cut about the neck and arms. McDonald received a slight cut in the back of the neck and ran for police assistance. When the police arrived, the Japanese had disappeared. The three men, who were accused from the house, had blood on their clothing, and one had a large knife in his possession.

The stabbing affray has not stirred up race feeling in Vancouver, although the attacking by the Japanese of men in uniform is considered significant as showing that the whites were not involved in the affair. The clubbing was quite unfortunate. There is no end to the affair and the authorities think there will be none.

## SMELTERS WILL NOT CLOSE

Manager of Helena Plant Denies Report Circulated Wednesday.

HELENA, Mont., Jan. 2.—Manager A. M. Smith, of the Helena plant of the American Smelting and Refining company, today made specific denial of the story telegraphed from this city last night that he had said it was the intention of the corporation to close several more plants throughout the country. What he said was that several smelters had been closed, reference being made to the Utah plants. He said that when normal conditions resume, he would not be surprised if wages were restored. The smelter employes here will hold a meeting soon to consider the matter of accepting the 10 per cent cut or closing the plant by strike.

## F. J. HENEY TO BE RETAINED

Assistant District Attorney Reappointed to Conduct Bribery-Graft Cases in San Francisco.

SAN FRANCISCO, Jan. 2.—District Attorney William H. Langdon today emphatically denied the report persistently circulated that he would not reappoint, Francis J. Heney, who has had charge of the prosecution of the bribery graft cases, as assistant district attorney.

"You can state that there is not the slightest foundation for the report and that Mr. Heney will be reappointed," said Mr. Langdon to the Associated Press. "The district attorney's office will vigorously press the bribery graft cases and Mr. Heney will again be in charge of the work of prosecuting them."

Judge William P. Lawlor today refused the request to be released on bail pending the action of the appellate court on an appeal made by Louis Glass, formerly vice president and general manager of the Pacific States Telephone and Telegraph company, convicted of conspiracy to bribe members of the board of supervisors.

The attorney for Glass filed affidavits from eight physicians, stating that his confinement at the county jail had seriously impaired his health and threatened to result in permanent injuries to him.

The testimony of Edward J. Kerwin, chief jailer, showed that Glass was not confined in a cell like ordinary prisoners, but that he and former Mayor Eugene Schmitz each occupied a large room in the administration building, took their meals with the jail officials when not sent from other restaurant and enjoyed many privileges and few restrictions.

## RECEIVERS ARE APPOINTED

Seaboard Air Line Unable to Meet Heavy Jan. [illegible] Obligations.

RICHMOND, Va., Jan. 2.—Unable to meet heavy obligations due January 1, the Seaboard Air Line railroad system was put into the hands of receivers here today, through the action of Judge Pritchard of the United States circuit court, who was hurriedly summoned from Asheville, N. C., to take cognizance of the application for a receivership. Judge Pritchard appointed as receivers R. Lancaster Williams of Richmond, and S. Davies Warfield of Baltimore. Both men are identified with banking houses in Baltimore, Williams being of the firm of Middendorf, Williams & Co., and Warfield the president of the Continental Trust company. Mr. Williams is also a partner in the firm of John L. Williams & Sons of this city. The bond of each was fixed at $50,000.

## SILK MANUFACTURER DEAD

LOS ANGELES, Jan. 2.—Louis Gerguaud, a member of the firm of Gerguaud Bros., said to be the first to establish silk manufacturing in the United States, died here today at the age of 73 years. He came here two months ago from New York, intending to make his home in Los Angeles. A son survives him. The deceased was born in Lyons, France, and came to this country with his brothers, 40 years ago. Heart trouble was the immediate cause of death.

## COUNT BONI IN A STREET BRAWL

### HAS FISTIC ENCOUNTER WITH PRINCE HELIE.

### PICKED UP OUT OF GUTTER

BUTCHER SEPARATES THE MEN, BY OF SEVERE INJURY.

### FIGHT STARTS IN A CHURCH

The Two Were Attending Services in the Memory of Lady Stanley Errington, Relatives of Both Men, who Are [illegible].

PARIS, Jan. 2.—Count Boni de Castellane, from whom his wife, who was Miss Anna Gould of New York, was recently divorced, and Prince Helie de Sagan, who on several occasions was reported to be engaged to Madame Gould, had a personal encounter today at the Church of St. Pierre de Chaillot, while a service to the memory of the Lady Stanley Errington, a relative of both men, who died lately in England, was in progress. Beginning inside the church, where Count Boni says the prince insulted both him and the sacred edifice, the encounter was resumed at the doorway, where Count Boni, followed by his brother, Count Jean de Castellane, overtook the prince. Count Boni spit in his cousin's face. Then came the clash of canes, followed by a tough and tumble fight on the pavement, which ended in the gutter, where the men were finally separated by a big butcher. Count Boni at the moment of intervention, was holding down the well-nigh insensible prince, while Jean, according to eyewitnesses, was administering to him a severe kicking.

#### Principals Covered With Mud.

When the police arrived, the butcher was holding the two principals in the fight, who were covered with mud. The prince was bleeding profusely from a wound in the right temple, where he had been hit by Count Boni's heavy stick. With the butcher's hand on his collar, Boni was haranguing a crowd which had gathered, saying he had spat in the prince's face. The police invited the two men to go to the station house, and this, after some disputing, they agreed to do. All three of them, bespattered with mud, accompanied the police, and followed, by several thousand persons, they marched off to the station, where they made "explanations."

Both Count Boni and the prince gave their own version of the quarrel, each claiming that the other was the aggressor, but the prince lodged a complaint charging the other with assault.

A "process verbal" having been written out, according to the French law, the three men signed it and were then released. The case will now go before the public prosecutor, who will decide what, if any, steps shall be taken.

#### Will Not Be Duel.

In view of the fact that Prince Helie elected to pursue the matter in the courts, the idea of a duel seems to be precluded. Besides, Count Boni declared tonight, it was doubtful whether he would receive the seconds of the prince, even if the latter could find any one to act in that capacity.

Tonight, Prince Helie is laid up in bed with his head swathed in bandages, while Count Boni spent a part of the evening in visiting the newspaper offices, telling the story of the encounter.

When seen by the Associated Press correspondent he was in high humor. Throwing back the lapels of his fur coat in order to better display one of his famous white silk waistcoats, he began the recital with the history of his cousin, whom he painted in the blackest colors, declaring that Prince Helie had been ostracized by his own family, not one of whom would permit him to enter the house. Count Boni then proceeded to explain the episode and declared that it had nothing to do with Miss Anna Gould, but was the result of an old grudge between him and the prince. He added that the prince had not been invited to the ceremony at the church, and he was thereupon [illegible] the prince setting three feet in front of him. Count Boni said he took no notice of the prince during the service, which proceeded without incident until the elevation of the host, when the prince arose.

#### Dramatic Exit.

"As he passed [illegible] Count Boni, he jerked his hat on his head and looked pointedly at me. [illegible] feet of the altar. I [illegible] up and followed him. [illegible] and the vestibule out to the [illegible] and [illegible] I [illegible] in the first place, [illegible] people. We then [illegible]

Count Boni [illegible] part as he told his story, and [illegible] that he had [illegible] case to take its course in the criminal court. He declared the [illegible] attack was entirely unprovoked.

He was sitting in another part of the church, far from Count Boni, and when he left, as the service was concluded, Boni and his brother followed him out. As he reached the steps of the church he was [illegible] by the shoulder and, wheeling around, he found himself face to face with Count Boni, who said: "This is a Christmas present," and spat toward him.

When they closed, he said, after the first exchange of blows, he had caught in his long hair over coat. He tripped and fell on the curb, and it was then that Count Boni and his brother pounced upon him, kicking him and beating him with their canes. As it was evidently a premeditated attack upon

It is also reported that the head of the Standard Oil company has offered to double all contributions in the memorial library which the university is trying to erect in honor of William R. Harper, its first president. The trustees have already received $135,000 for this purpose and hope to add $865,000 to this sum, so that with Mr. Rockefeller's contribution an $800,000 structure may be erected on the campus.

## HUGHES' FRIENDS AT WORK

Plans for State Organization in Interest of New York Governor Were Made Last Night.

ALBANY, N. Y., Jan. 2.—Plans for a state organization in the interests of the nomination of Governor Hughes for president were made today at a conference of Republican legislators and others at the Kenmore hotel in this city.

State Senator Alfred R. Page of New York presided, and there were also present Congressmen George E. Waldo of Brooklyn, State Superintendent of Prisons C. V. Collins, State Water Commissioner John A. Slecher, Republican State Committeeman H. G. Tennant, Charles H. Young, president of the New York Republican club; Senator John Raines of Ontario, Republican leader in the Senate, superintendent of Public Works E. Ashley T. Stevens, Speaker Wadsworth and Senator Saxe of New York. The conference was called somewhat informally. Senator Page said, under the auspices of the committee appointed at a conference of the same interests held before Christmas at the Manhattan hotel in New York city. This committee consists of Senator Page and Messrs. Slecher, Humphrey, Young and A. R. Smith. "All those present at the conference," said Senator Page, "declared that there was a strong public sentiment in favor of the nomination of Governor Hughes, and it was agreed that a provisional organization should be instituted by the election of a man in each assembly district. Further provisional steps were taken to the call of myself as chairman."

## TAFT'S FRIENDS IN MAJORITY

### CONTROL OHIO STATE CENTRAL COMMITTEE MEETING.

### CALL ISSUED BY REPUBLICANS

DATES SET FOR PRIMARIES AND CONVENTION.

### HARD FIGHT OVER DETAILS

Amendments to Call, Proposed by Friends of Senator Foraker, Are Voted Down—Direct Primary Plan Is Strongly Opposed by Minority.

COLUMBUS, O., Jan. 2.—The Republicans of Ohio will be given an opportunity to express, by direct vote, their choice for the party's candidate for president at primaries to be held on February 11, when the delegates and alternates to the Republican state convention will be elected. This will be held in Columbus on March 3 and 4, and it will select, in addition to four delegates-at-large to the Republican national convention, candidates for governor and other officers.

The call for the primaries and convention was adopted this evening by the Republican state central committee, after a protracted and lively session. The friends of William H. Taft, secretary of war, and candidate for the Republican nomination for president, were in control of the committee, casting 14 votes for 7 for the supporters of Senator Foraker, also an avowed candidate for the presidency.

#### Garfield Is Selected.

The vote stood 14 to 7 on every proposition, which required a roll call except the selection of a temporary chairman of the state convention. James R. Garfield, secretary of the interior, the chief of the Taft supporters, received 13 votes to 8 cast for Harry M. Daugherty of Columbus. Richard Medloud of London, a close friend of Mr. Taft, but a Taft supporter, voted for him as against Mr. Garfield.

The state committee decided that it had nothing to do with the selection of national delegates in the congressional districts and declined to make any suggestion in regard thereto.

The committee met early in the afternoon, and after a short session, appointed a subcommittee to draft a call for the primaries and convention. This committee called upon Governor Harris, during the recess, to consult his wishes in regard to the call.

A committee representing the supporters of Senator Foraker also called on the governor and asked him to permit his name to be presented for chairman of the state convention, but the governor declined.

The call, reported by the subcommittee by a vote of 14 to 7, is one of the most elaborate ever issued by a state committee.

#### Amendments Turned Down.

Several amendments to the call were proposed by the friends of Senator Foraker, but in each case they were voted down. The chief fight was made against the direct primary plan for the selection of delegates to the state convention. They proposed that delegates to county conventions be chosen by direct vote, the county convention to choose the delegates to the state convention.

The call, as adopted, provides for a total of 155 delegates to the state convention. The Australian ballot is to be used in the primaries. If petition is made, the names of candidates for delegates may be printed under the name of the person who may be their choice for presidential candidate. The unit rule in the election of delegates will be observed in all except Cuyahoga and Hamilton counties, which may be divided into districts. Provision is made for challengers at the polls, which will be open from 1 to 7 p. m., February 11.

#### Think They're Out for Foraker.

Senator Charles Dick was here to look after the interests of his colleague, Senator Foraker, but he remained at his rooms in the hotel Hartman and did not go to the Neil house, where the state committee held its sessions. The session was taken up almost entirely with questioning Mr. Patterson about his own transactions with Denver merchants and newspaper proprietors, with the apparent purpose of showing that the methods used by him to obtain advertising for his newspapers have been similar to those on which he based his charge of blackmailing against the proprietors of the Post. The hearing will be continued tomorrow.

## CIRCULATION IS INCREASED

Monthly Comparative Statement of Comptroller of the Currency Showing Is Favorable.

WASHINGTON, Jan. 2.—The monthly comparative statement of the comptroller of the currency shows that at the close of business, December 31, 1907, the total outstanding circulation was $630,130,895, which is an increase for the year of $83,968,426 and an increase for the month of $33,912,699. The circulation based on United States bonds amounted to $543,459,599, an increase for the year of $94,179,816 and an increase for the month of $33,303,991. The circulation secured by lawful money amounted to $46,670,996, a decrease for the year of $211,389 and an increase for the month of $608,808.

The amount of United States bonds on deposit to secure circulating notes was $546,782,000, and the amount of bonds on deposit to secure public deposits was $296,338,417, as follows:

Panama canal $20,519,300; consols of 1930, $36,209,950; certificates of indebtedness, $492,000; three per cents of 1908-1918, $5,065,000; four per cents of 1895, $4,998,500; state, city and railroad bonds, $215,984,667; Hawaiian bonds, $2,021,000; Philippine loans, $8,838,000; Porto Rico, $780,000.

State Institution Forced to Close Its Doors Through Run.

ROCKY FORD, Colo., Jan. 2.—The State Bank of Rocky Ford closed its doors today, following a run. State Bank Examiner Beatty is making an investigation of the bank, which has [illegible] in the Arkansas valley.

The liabilities of the bank exceed $[illegible] and the assets are placed at over $525,000, mainly loans on high-grade farm lands in this vicinity. The bank is capitalized at $30,000, and the surplus is $30,000.

The officers of the State bank are: President, J. E. Gooding; vice president, Senator Swirk; cashier, E. R. Smith; assistant cashier, D. W. Barclay.

There are two other banks in Rocky Ford—the First National and the Farmers and Merchants. Neither of them has been affected by the suspension of the State bank.

The officers of the State bank hope to resume business in a short time. One of them made the charge today that certain other financial interests in this city conspired to secure the closing of the State bank by starting rumors last week that its solvency was questionable.

## REPORT OF MINT DIRECTOR

WASHINGTON, Jan. 2.—The report of the director of the mint shows that the coinage executed at the mints of the United States in the month of December amounted to $16,767,790, as follows:

## PILLSBURY GETS HIGH POSITION

### CAPTAIN TAKES TO SUCCEED ADMIRAL BROWNSON.

### CHIEF OF NAVIGATION BUREAU

SECRETARY METCALF ANNOUNCES SELECTION.

### POSITION ONLY TEMPORARY

Choice of Chief Executive and Naval Committee of the Navy to Retire Because of Old Age, Pending Bill 15, Next Senate Must Confirm.

WASHINGTON, D. C., Jan. 2.—After a conference with President Roosevelt today, Secretary Metcalf announced that Captain J. E. Pillsbury had been selected as chief of the navigation bureau of the navy department. Captain Pillsbury participated in the conference between the President and the secretary, just prior to the announcement.

The selection of Captain John Hubbard Pillsbury is at best only a temporary one, unless the President should decide to again commission a retired officer as chief of the bureau. Captain Pillsbury must retire on account of age December 16 next.

Secretary Metcalf announced this afternoon that Captain Pillsbury would not assume the duties of chief of the bureau of navigation until he has been confirmed by the Senate. His nomination is expected to be sent to the Senate when it reassembles Monday. There were no candidates for the position of chief of the bureau, in the sense that no applications were made for the appointment.

INCORPORATED UNDER THE LAWS OF COLORADO, 1903.

CAPITAL STOCK, 1,000,000 SHARES.
PAR VALUE, $1.00.
Full Paid and Non-assessable.

OUTSTANDING ..... 800,000 SHARES

OFFICERS AND DIRECTORS:

F. A. JOSLIN, President ..... Denver, Colo.
HON. D. N. HEIZER, Vice President ..... Colorado Springs
HENRY SACHS, Treasurer ..... Colorado Springs
C. WALKER, Secretary ..... Denver, Colo.
C. F. RICKEY ..... Colorado Springs

In order to meet the increasing business of this Company it has been [illegible] to merchandise a [illegible] of this Company's Treasury stock at 25 cents per share; the total proceeds to go into the Treasury as additional working capital. It has been considered fairer to the trade to give the dealers in soap the first chance to secure these shares, thus giving them a double interest. Our object is not to place a large block of the shares with any one merchant but to place them as widely in small blocks as may be possible. But before doing so, we shall first give the people of Colorado a chance to subscribe, because this is a distinctive Colorado industry and we desire that our home people share in the profits which cannot escape us. If you are at all interested in our plan, we will gladly send you a free sample of our soap so that you may test it thoroughly and then decide whether you care to subscribe to this Treasury stock.

The Company has a larger trade throughout the country than its present facilities enable it to take care of. Geyserite Soap is used very extensively by the Burlington Railroad system, and by the Eastern Towel Supply Company of New York, whose last order was for 5,000 gross, and by many other large users. The factory profit on the soap at present is over one dollar per case and, with the improved up-to-date machinery which the Company intends to install this profit will be very materially increased. The soap is made in three sizes: The bath size retails at 10 cents and is packed 50 cakes to the box; the toilet size retails at 5 cents and is packed 100 cakes to the box. Both of these sizes are packed in cartons and are sold to the trade at $3.50 per case, with a special discount to jobbers ordering in large quantities. The hotel size is smaller and usually wrapped to order. There are a number of other known uses for natural Geyserite which can be taken up as the business progresses.

Geyserite soap is made principally from "Geyserite," which is a product of geyser action. This product of nature forms about 30 per cent. of the total materials used and the Company has an inexhaustible supply of this article, which is used just as nature compounded it. It contains absolutely no free caustic alkali, and its cleansing, antiseptic and healing properties are of the highest character owing to its natural chemical combination. **"GEYSERITE" IS THE ONLY GRITTY FEELING SOAP WHICH DOES NOT INJURE THE SKIN**, but leaves it soft, smooth, and pliable, and because of the physical properties of the Geyserite itself and its action on the skin, this soap is positively different from any other. **ALL OTHER SOAPS OF A SIMILAR NATURE HAVING LIKE PROPERTIES CLAIMED FOR THEM ACT INJURIOUSLY ON THE SKIN BY VIRTUE OF THE SHARP CORNERED, ROUGH PARTICLES OF SILICA OR SAND CONTAINED IN THEM, WHILE THE EARTHY CONSTITUENTS OF GEYSERITE SOAP CONSISTS OF PORTIONS OF SILICATE CRYSTALS WHICH HAVE BEEN WELL ROUNDED AND SMOOTHED THROUGH THE NATURAL AGENCIES OF AIR AND WATER, AND IN CONSEQUENCE GEYSERITE SOAP DOES NOT IRRITATE THE SKIN, YET POSSESSES THE DESIRABLE CLEANSING PROPERTIES.** A simple trial in comparison with any other soap will prove these statements beyond any question of doubt. This soap first became known when it took the World's Fair prize for superiority in 1893. Until two years ago it was manufactured privately in a small way, since then this Company has brought it into prominence and has practically held its own financially throughout this introductory period.

**OUR TREASURER, MR. HENRY SACHS, HAS BEEN IDENTIFIED WITH A NUMBER OF PROGRESSIVE INDUSTRIAL ENTERPRISES, ALL OF WHICH WERE BUILT UP ON ORIGINAL LINES, THE LAST OF WHICH WAS THE GILLETTE SAFETY RAZOR COMPANY OF BOSTON. MR. SACHS, THREE YEARS AGO, IN THESE COLUMNS, ADVISED THE PEOPLE OF COLORADO SPRINGS TO INVEST IN THE STOCK OF THE GILLETTE SAFETY RAZOR COMPANY, MAINTAINING THAT WITHIN THREE YEARS THE NET EARNINGS WOULD MORE THAN EQUAL THE THEN COST OF STOCK. WITHIN THAT PERIOD OF TIME THE NET EARNINGS PER ANNUM HAVE REACHED FOUR TIMES THE THEN COST OF THE STOCK. SINCE HE BECAME IDENTIFIED WITH THE GILLETTE RAZOR COMPANY SCORES OF INDUSTRIAL PROPOSITIONS HAVE BEEN BROUGHT TO HIS ATTENTION FROM VARIOUS PARTS OF THE WORLD, AND HE MAKES THE STATEMENT WITHOUT QUALIFICATION THAT GEYSERITE SOAP OFFERS A GREATER BUSINESS POSSIBILITY THAN ANYTHING HE HAS INVESTIGATED SINCE THE GILLETTE RAZOR.**

The business affairs of the Company will be conducted by an executive committee composed of Mr. F. A. Joslin, Mr. Henry Sachs and Mr. David N. Heizer. Mr. Henry Sachs is a resident of Colorado Springs (formerly of Boston), and is one of the founders and large stockholders of the Gillette Safety Razor Company of Boston, Mass., an organization which has made greater progress for the time of its existence than any other manufacturing enterprise known. Mr. David N. Heizer is also a resident of Colorado Springs, and is the Mayor of that City, and one of Colorado's successful mining men. Mr. F. A. Joslin is a resident of Denver, and is the Secretary and Advertising Manager of the Joslin Dry Goods Company, one of the oldest and most prominent department stores in the West.

Subscriptions for shares should be sent to Henry Sachs, Treasurer, First National Bank Building, Colorado Springs, or to The Geyserite Manufacturing Company, 31st and Blake Streets, Denver, Colorado.

## COUNT BONI IN A STREET BRAWL

him he lodged a complaint. To prove the animosity of the Castelanes against him, he declared that even the Marquis de Castellane, Count Boni's father, who followed the party to the police station, said in the presence of all: "I wish I had been there too, so I could have hit you."

**Prince Regrets Incident.**

Prince Helie said he regretted the incident principally because the name of Madame Gould had been dragged into it.

"If the Count de Castellane's attack upon me was caused by my visits to

(Continued From Page One.)

Madame Gould," he said, "it seems strange he objects to these visits now when he did not object before the divorce."

The prince said emphatically he was not engaged to Madame Gould. He said that he would willingly fight a duel if there was honorable provocation, incidentally mentioning his proficiency as a swordsman, but under the circumstances he intended to allow the law to take its course.

While there had been an estrangement between him and Count Boni, he said, he had no reason to anticipate today's attack.

"If Boni desires to get me out of the way," he continued, "in order to effect a reconciliation with Anna, this is his affair, not mine."

The affair has created a great sensation in Paris on account of the high family connections of the parties concerned and especially on Boni's prominence as an anti-Republican and an opponent of the government on the church policy.

Prince de Sagan is a grandson of the famous duke, who for years set the fashion in Paris, and concerning whom a hundred droll stories have been told. He is a brother of the Duke de Dino, and has figured extensively in public gossip in Paris.

A few years ago he attained notoriety by slapping Maitre Barboux during the trial of a damage suit brought by a prominent society leader because it was publicly asserted that the painting "Nude Woman in a Mask" exhibited at the saloon, was her portrait.

According to current gossip in Paris, Count Boni and the other Castellanes are now convinced that Prince Helie de Sagan, despite the opposition of the Gould family, is seeking to marry Mme. Gould. It is stated that it was only recently that Count Boni abandoned hope of reconciliation with his former wife.

## PETTIBONE CASE POSTPONED

**Judge Wood Was Not Ready Yesterday to Furnish Attorneys Copies of His Instructions.**

BOISE, Ida., Jan. 2.—Judge Wood was not ready to furnish the attorneys copies of his instructions to the jury in the Pettibone case this morning and an adjournment was ordered until tomorrow morning at 10 o'clock. The jury was not brought into court and only a brief session was held. Additional requests for instructions were presented by both the defense and state yesterday and Judge Wood then asked that authorities on them be submitted.

The defense asked that the jury be instructed that a verdict of guilty could not be returned on the ground of conspiracy if the evidence showed that Pettibone was a member of such conspiracy, Haywood having already been found not guilty.

The defense maintained, in asking for this instruction, that the Haywood verdict was binding on all of the defendants, in so far as the conspiracy charge is concerned. The prosecution asked that the jury be instructed that if the defendant had in his possession evidence which was not presented either by himself or otherwise the fact may be considered by the jury. Attorneys on both sides agreed to submit authorities on these two propositions at once.

It was announced by Judge Wood that night sessions would be been necessary in order to get the case to the jury this week. The condition of Pettibone is improved, but he returned to the hospital after court adjourned.

The funeral will be announced later.

### "JIMMY" MARCH HOURNS.

From the New York Tribune.

"Jimmy" March, the Republican leader of the Third district, where the Sullivanites are thick, enjoys the distinction of owning the only duck farm below Fourteenth street. He is just now grieving over the loss of the entire season's output of 21 ducks. Mr. March is a versatile man. At his place of business at Spring and Marion streets he runs a labor bureau, and as a sort of sideshow, to make the Italian laborers cheerful, he keeps a lot of live stock running around in an interior court, 75 by 100 feet. Goats, geese, chickens and ducks made the court scene a joyful one.

When district leadership cares worry March, or when the president of the county committee visits him for not chipping in and whipping the Sullivans, Jim lights a fresh cigar and goes out the back door of his office and feeds the ducks and chickens. That tends to soothe his nerves. Last week he went to Lowville, where he has a summer home, leaving his son in charge of the Marion street establishment.

"Will I go with you, pop?" did his son on "Jimmy's" return on Monday.

"What for?" asked Jim.

For an answer the son took his father into the courtyard and led him to the duck pen. There they were, the season's crop of young, full out of'l and [illegible].

"Note!" said Jim March.

### THE DISTURBANCE IN FLAT 23.

From the New York Times.

All at once there was a great commotion at 338 East Fifteenth street. Everybody ran out into the halls to see what was the matter. At first they thought the expected consul of Ivan Rainschafsky, on the fourth floor, had come from Russia and the family was welcoming him, but soon it was discovered that the cries came from from flat 23, where the woman writer who is studying the East Side lives.

Presently the tenant ran out and begged somebody to push the elevator bell and bring the hated janitor or a policeman or somebody to help her. She was in terrible distress, she said, and she did look it.

The janitor busied himself. He got hold of the brass-buttoned patrolman on the corner, and together they hurried to flat 23, where the writer was walking the floor, wringing her hands between intervals of stopping her ears to deafen the sounds that came from the kitchen.

"What on earth's the matter?" the policeman asked.

"It's Annie, my washerwoman," exclaimed the occupant of flat 23 between sobs. "Save me from her. She's swearing at me in a dozen different languages." She clung to the bluecoat [illegible] the sounds from the kitchen grew more deafening. "It's Bowery Annie. Last week she did the washing beautifully and had it all washed and ironed at 5 o'clock. Today she hasn't half done it. I was afraid she would never finish it, so I remonstrated gently with her. She said she didn't care if she never finished it. Her husband was supporting her now, she said, and she didn't have to work any more. Then she began to go on like that," pointing frantically in the direction of the sounds.

"I'll arrest her," declared the arm of the law, and strode toward the kitchen. The tenant of flat 23 grasped him by the arm.

"Wait a [illegible]," she said.

"Don't you want her arrested?" asked the policeman, surprised in his turn. "She ought to be. She's disturbing the peace. That's a stand-pat [illegible] outside."

"[illegible]," [illegible] the tenant. "[illegible] her go away and never, never come back any more. You see, you never can tell how it might affect you to have a husband who all at once takes unexpectedly to supporting you. I might have gone on in just the same way."

### THE APPEAL OF ART.

From the New York Globe.

"Art is long and time is fleeting."

In the crowd which moved slowly through the sculpture section of the Metropolitan Museum of Art was a woman who, evidently unfamiliar with the scene, halted in admiration and remarked to her companion:

"Now, I wonder what thing's worth [illegible]?"

"That reminds me," said a man who overheard her, "of a night many years ago at the home of the late Maurice J. Power, who, in addition to being a police justice and district leader at the time, was owner of a fine art bronze foundry. A gray woman, [illegible] son had been arrested, called to intercede for him, as he would come before Judge Power [illegible]. She had forgotten the Judge's name, but suddenly a light came to her and she identified him in this fashion:

"Surely he's the man what makes them tin images up in Twenty-fifth street."

### PUP, CAT AND SPARROWS, TOGETHER

From the New York American.

"One touch of nature makes the whole world kin," was illustrated yesterday, when George Trautwein of Midland avenue, Montclair, N. J., went out to his barn and found huddled up together in an unoccupied stall, a puppy, a kitten, a pigeon and two sparrows. All evidently had sought the same shelter from the storm.

In the afternoon Trautwein drove the intruders out, supposing all but the sparrows would find their homes, but they did not. He says they stayed about the yard until he returned to [illegible] and then they went back [illegible]

### INSANITY ONLY PLEA

**Counsel for Harry K. Thaw Hold Lengthy Consultation.**

ALTO PARK, Jan. 2.—Counsel for Harry K. Thaw, consulted today, and it was reported that it had been definitely agreed that the only defense to be introduced would be in view of the time that Stanford White was killed. It will be in vindication, however, that Thaw [illegible] John W. Hickey, [illegible] complicity in the murder of Senator William Goebel at the time the latter was contesting the gubernatorial vote, began the consideration of the verdict [illegible] closed late yesterday afternoon and the jurors retired but [illegible] to postpone their actual [illegible] until today.

Before the jury retired Judge Morris [illegible] the jurors to maintain the utmost secrecy. Powers was accompanied by his miserable mother and [illegible] Goebel brother of the [illegible] and his nephew, William Caskel, sat near State's Attorney [illegible].

The defense, it is said, will offer much new testimony. There will be a score of eyewitnesses to the shooting of White, who have not testified before and will identify that to their opinion there was crime on the night of the [illegible].

r New Years Day
York Doctors to Celebrate the
Day by Deed of Philanthropy
Free Offer Will Be Continued Until Saturday Night. It Will Close at Five O'clock.
New York Doctors are going to make the new year right," said the well-known consulting physician of a New York institution last night. "Our Doctors will be in their offices all day New Years day" and every man woman and child who is sick and wishes to be cured may call and be examined free, and then we will contract with them for three months treatment free of charge. That is to say, if at the end of three months the patient will be cured, enough will be saved in the medicines used in their cure to pay for the treatment. We furnish all our own drugs, and buy in large quantities, and at reduced prices."
For the benefit of those who do not know it might be added that the Doctors are a firm of specialists. They are graduates of Bellevue and have been in Colorado Springs for five years. They are learned and scientific and are up to date in every way of treating disease. Any one who may investigate it will find that they are what they claim to be, and that they are giving the poor sick people the benefit of their skill free of charge.
Those who have availed themselves of the free offer have required a most complete office equipment consisting of all forms of electrical instruments and instruments for giving physiological treatments.
In treating long diseases they employ the improved French Treatment Method. This method of treatment is no longer an experiment but a success. Among other things they have installed the only instrument which successfully gives the treatment known as vibratory stimulation.
Rheumatism is cured by the new therapy that is by baths of superheated dry air. It is a fact to be known that no one need to suffer from rheumatism as every case may be cured by this treatment. It would take too much time and space to enumerate all of the accomplishments of these doctors but if you are suffering from any chronic disease you may take the consulting physician at his word and call today and be cured free.
These Doctors are now located in suite 11 Cole Block, Colorado Springs, and they will be in their offices all day New Years day. Let it be this, as it may, a day of resolution, as one of the best in your life by doing a good deed for your fellow man.

## THE KINGDOM OF GILPIN.

GILPIN county rejoiced with a great rejoicing on New Year day. There was a celebration in the Newhouse tunnel, which is not yet complete but which underlies and will drain pretty near the whole of Gilpin county. That may seem an astonishing statement, but then, it must be taken into account that Gilpin county is not much bigger than Colorado City, so it is not so enormous after all.

The particular occasion celebrated was the reaching of the Old Town mine by the tunnel. Only a mile and a half remains to be dug and the whole will be finished, and not only the mines of Gilpin but those of Clear Creek also will be largely benefited. The natural water level in those mines is inside of a thousand feet from the surface, so that deep mining has hitherto been impossible, notwithstanding the age of the district. After the tunnel is through, it will be possible to mine in some places as deep as 3,000 feet.

Gilpin is one of the oldest mining camps in the state, and has been one of the richest—not in high-grade ore, but in the steady output, year after year for nearly fifty years now. They called it "The Kingdom of Gilpin" in the old days, and the name is not inappropriate. Now the area of the kingdom is to be doubled—not by annexing territory laterally, but by doubling the depth. The area of mining countries is to be computed cubically, not superficially.

The near completion of this tunnel and the celebration on New Year day remind one irresistibly of the Cripple Creek tunnel which has been started, and bring visions of what it will mean to the district to have it completed. If Gilpin is a kingdom, Cripple Creek is an empire. Its superficial area is as great, its ore is of much better grade, and so far as we know, the ore bodies are as continuous as in the older camp. Some day in the future, let us hope not many years ahead, there will be a celebration in our new tunnel which will mean more to the state as well as to this part of it than even this did in Gilpin county.

## HITCHCOCK.

AMONG the newer names that have bobbed up on the political horizon recently is that of the Honorable F. H. Hitchcock, First Assistant Postmaster-General of the United States. Mr. Hitchcock's official duty for several months was to go through the South and "round up" prospective delegates to the Republican convention. His instructions were to shout for Roosevelt and a third term, and that lasted some time. After the President's definite and final refusal, it was alleged that Hitchcock was going to switch his bunch to Cortelyou; and hence originated what was called the "Cortelyou conspiracy," which was heard of loudest at the time of the meeting of the national committee in Washington, whence the news of it spread to rural districts by means of returning committeemen. But there was nothing in the "Cortelyou conspiracy." It seems to have been a bugaboo, though the astute Hitchcock may have started the talk about it, just for a feeler.

Now it is announced, not quite officially, but so near it as to be generally understood, that Mr. Hitchcock has accepted an invitation to become one of the drivers of the Taft band wagon; and such is the influence of the First Assistant Postmaster-General that already one negro convention has passed resolutions announcing that since Hitchcock is for Taft, Taft must be all right, Brownsville to the contrary notwithstanding. If this is a sample of the influence, Hitchcock has a real cinch. It is not likely that Mr. Vorys will be supplanted—he will remain in charge of the home headquarters; but the talents of Mr. Hitchcock can be utilized in other places. He seems to be a valuable man.

## MORATH ASKS DIVORCE

### "EXTREME MENTAL ANGUISH" THE GROUNDS.

**Says Wife Has Caused Him Much Suffering in Last Year—Wants Custody of Children**

Divorce proceedings have been instituted in the district court by F. A. Morath, of the Morath Grocery company of this city, who is asking for legal separation from his wife, Lelah Morath, to whom he was married in Trinidad, Colo., in 1891. The plaintiff alleges extreme mental anguish caused by the defendant as the grounds for the divorce. Mr. Morath wants the custody of the three children, aged [illegible] and 14 respectively. The case will come up for hearing in the district court in May or June.

Both parties to the proceedings are well known in prominent social circles of this city. Mr. Morath has a wide reputation as a [illegible] and [illegible] prominent business man of Colorado Springs for several years.

## BANK CLEARINGS FOR 1907

**Were Larger Than for Preceding Year in Spite of Financial Stringency**

The [illegible] banking business of this city is indicated by the bank clearings for the year just ended, as given by the Colorado Springs National bank. Notwithstanding the financial stringency which curtailed business during the last two months of the year, the total clearings are larger than those for 1906. The bank clearings for the month of December, 1907, [illegible] opening under normal conditions.

## CASCADE PARKING DISCUSSED

**New Petition to Be Drafted at Once All Preliminaries Have to Be Gone Over Again.**

A conference of the committee of the City Council which has charge of the plans for the parking of Cascade avenue between Cache la Poudre street and Platte avenue was held in Mayor Heizer's office yesterday and the matter of having a new petition framed to present to the property owners for their signature was discussed. The draft of a petition prepared by the city attorney and the city engineer was submitted for the approval of the committee and was accepted. The petition will now be put in due legal form and circulated among the property owners interested, to receive their signatures. If the owners of the majority of the property concerned can be secured the petition will be presented to the Council and put through the customary legal process, after which the ordinance authorizing the issue of bonds will be prepared. It is not expected that there will be any difficulty in getting the requisite signatures and it is the intention of the Council to have everything ready for operations as soon as the weather permits.

Owing to a mistake in the wording of the petition circulated in November and the impossibility of complying with the requirements at the maximum expense mentioned, and also to the fact that the ordinance did not coincide with the petition, the work has to be done over again in order to [illegible] it legal.

## MANY WINTER VISITORS

### JANUARY TO BE A BUSY MONTH IN THIS CITY.

**Present Season Shows Big Gain Over Last Year, Say Hotel Men of Colorado Springs**

Indications point to a brisk revival of tourist travel to Colorado Springs during the month of January, numerous winter excursions having included this city in their itineraries. Light travel to the coast and south from eastern points has not proven detrimental to Colorado Springs. On the contrary, numbers of tourists who had planned to spend the winter in California have come to Colorado instead and others after a brief season on the coast are spending the remainder of the winter here.

Hotel men declare that they are having a splendid business, and that the present season shows a substantial gain over last winter.

For a week of sightseeing in the Pikes Peak region a party of Raymond and White sub-excursionists will arrive in the city tomorrow over the Denver and Rio Grande. The visitors will view the sights under the escort of A. C. Hewitt, who for years has arranged Colorado Springs trips for eastern tourists. Immediately upon their arrival the visitors will go to the Antlers hotel, where preparations have been made for them. A side trip has been arranged to Cripple Creek over the Short Line. After doing Colorado Springs the tourists will spend a day or two in Denver before returning to New York.

The first of the Chicago and Northwestern personally-conducted tours for the season will bring 200 tourists to Colorado Springs for a week's stay, on January 13. The excursion returning from the coast will be augmented by tourists who will make detours from their trips as originally planned, to visit this city. Other excursions by way of the Chicago and Northwestern will arrive here in February and March.

Despite the advance in rates the railroads are planning for heavy travel to Colorado Springs on Tuesday, January 7, on the homeseekers excursions. These excursions will be continued semimonthly until the opening of the summer season.

A party of 60 prospective investors from Clarion, Iowa, will arrive in the city today. They will leave later in the week for Palisades and are planning to return here for several days before completing their Colorado tour.

## TWO BASKETBALL GAMES

**First Was Fast and Snappy and the Second a Walkaway**

Two games of basketball, the first close and snappy and the third a walkaway, were played at the Hiawatha gymnasium in Manitou last night. In the first game the Manitou High school team defeated the Junior leaders of the Colorado Springs Y. M. C. A. by a score of 20 to 19. The Y. M. C. A. seniors subsequently defeated the Manitou City team in the second game by a score of [illegible].

The lineup of the first game was: Junior Leaders—Bickey, Aultman and Perry, forwards; Pearson, center; Polk and Williams, guards. Manitou—Laney and Smith, forwards; Lotz, center; Mullenhower and McNulty, guards. Points scored: Junior Leaders—Bickey 10, Aultman 2, Foley 1, Williams 4, Perry 2. Manitou—Laney 8, Smith, 6, Lotz 4, Mullenhower 2.

In the second game the lineup was: Y. M. C. A. Seniors—Schmidt, center; St. John and Steininger, forwards; Shanholtzer and Secrist, guards. Manitou—Douglas, center; Dukan, Huck and Laney, forwards; Selven and Framer, guards.

The officials were Erps, referee; Turner, umpire; Knight, timekeeper; Hamilton, scorer.

## H. S. LOCKWOOD A BENEDICT

**Marries Mrs. Frances M. Phillips at Chicago**

Harvey S. Lockwood, a prominent real estate dealer of Colorado Springs, and Mrs. Frances M. Phillips of 2 East Osage street, widow of Thomas M. Phillips, were married in Chicago on New Years day.

Mrs. Phillips went to Chicago several weeks ago, and was followed shortly by Mr. Lockwood. So carefully had they arranged their plans that their friends were completely surprised when news of the wedding was received yesterday. Mr. Lockwood has extensive real estate interests in Colorado Springs and owns a large ranch near Monument. He has a residence at 1210 East Platte avenue.

## ANNUAL REPORT FILED

### SITUATION ESTATE EXECUTORS MAKE STATEMENT.

**Cash on Hand, January 1, 1908, Was $108,565.87—Years Expenditures Unusually Heavy**

Total receipts of $1[illegible] and total expenditures of $1[illegible] leaving a cash balance of $[illegible] at the year 1907 are the [illegible] of the financial statement [illegible] state executors as [illegible] their annual report, which [illegible] Judge Robert Kerr [illegible] county court yesterday. The cash [illegible] on hand on January 1, 1907, was $1,3[illegible] and on January 1, 1908, $10[illegible].

The expenditure for the year just ended were unusually heavy, owing to the fact that the inheritance tax was paid into the state treasury, the legacies were paid and the balance of $69,858.17 over and above the mortgage held by the estate on the Brown Palace hotel property was paid when the hotel was bought by the executors last July. The legal expenses were also very heavy, as a great deal has been done in the last [illegible] toward disposing of the many litigation in which the estate has been involved, and there are now only four suits pending against the estate.

The largest and most expensive suits were those over the Brown Palace hotel property and the one instituted by the Venture Mining corporation of London, both of which have been disposed of within the last year. The legal expenses in these suits alone represent a total of more than $100,000 paid out during 1907.

The largest receipts and expenditures for the year are shown in the following table:

## Why I Lost My Job.

**Reasons Why Thousands Like Me Cannot Satisfy Their Employers**

I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know and probably would not believe. When their last pay envelope comes along it is usually. Your services no longer required. If the truth were known the reason for their unceremonious removal would probably be that their usefulness was destroyed because of some mental worry, bodily ailment or general indisposition. These things as we all know are the most fruitful causes of failure in all walks of life. The battle of Waterloo was lost because of a headache. In this quick age our minds must be clear, rapid active and free from outside influence or worry or else we go down to failure with the throng of loafers who go from one place of employment to another giving no satisfaction to others or to themselves, constantly growing older and less useful with no ambition, no will power, and no hope.

Every man requires from every other man the best that is in him. But no man can use or get the best that is in himself until he is first free from all fretful indispositions and worries.

That was my trouble. I was full of troubles. That's why I lost my job. My stomach in the first place was always out of order and I was worrying about it and my mind grew cloudy and slow. I made mistakes, and grew [illegible]. That was the end.

There are thousands like me, going about with quick frown faces, dyspeptic manners, and repulsive atmosphere. The employer [illegible] my advice. A healthy stomach [illegible] battle. It keeps your mind clear, and your face rosy. I have a healthy stomach now and [illegible] digestion, and my employer is satisfied, and so am I.

I started to take Stuart's Dyspepsia Tablets, which I was told were good [illegible] The first five tablets did a wonderful difference in my condition.

## STRIKE NEAR SURFACE

### RICH ORE NEAR GRASS ROOTS IN IRON KING.

Vein Over Foot Wide Carries Values of $37 Gold to Ton—Exposed at Depth of 31 Feet

CRIPPLE CREEK, Jan [illegible]—Mayor I. A. Vanderberg and associates who recently began operations on the Iron King property on Tenderfoot hill have been getting good assays at almost grass roots and today opened ore carrying values of from $[illegible] to $3 in gold to the ton. The strike was made at a depth of 31 feet where the vein although only a little over one foot between walls has the appearance of widening out.

Much development work is being done and shipment is to be made before the close of the week. The property is in a good neighborhood and lies just east of the Hoosier workings.

A cleanup finished today at the Phoenix mill on Bencelad hill resulted in the molding of a gold brick with a value of $2,000. The retort represented 1[illegible] tons of ore of a $2.0 grade. It is claimed that mineral of this [illegible] value is being treated at a good profit. The Phoenix is the larger of the two mines, the plant at which being [illegible] by the Phoenix Mining and Milling company.

The work of putting down the shaft of the Jerry Johnson property from the [illegible] level to a depth of 60 feet is progressing rapidly and while sinking the lessee cut a rich stringer which would indicate that an undiscovered vein is near it. When the 100-foot point is reached lateral work will be done. The property is leased by [illegible].

## BONANZA IS EXPOSED

### NATURAL CAVE IN OPHIR REVEALS ORE.

Granite Is Shipping Forty five Cars of Ore a Month—New Find Important One

VICTOR, Jan [illegible]—Two sets of lessees are now operating on the Gold Coin workings. The Granite property in the city of Victor, Helsen and associates are breaking ore of a $50 grade from a vein four feet wide at a depth of 900 feet and are making regular shipments. Little and company, working on the [illegible] level is sending out ore of medium grade every few days.

On the main workings of the Granite in Battle mountain seven sets of lessees are operating successfully. Consignments of ore are regular. The pumps working in the Strong mine are draining the [illegible] and ore is being mined at good profit. The Gray Eagle company's property is outputting an average of [illegible] tons of good grade mineral each [illegible].

The nature cave of ore recently opened in this Ophir property on Raven hill falls as yet to show a top wall and mineral is being taken out by milk the use of pick and shovel, no blasting being required to break down rock. The cave now shows a width of almost 20 feet with only one of the side walls thus far exposed. The ore carries some high grade and is averaging better than $30 to the ton. The loose rock is being hauled from the 1,600-foot level.

Two cars of ore which will probably return $60 in gold to the ton, were sent out today from the Dante property, under lease to the British-American company.

The Elkton mine is keeping up a steady production and is outputting 50 tons of ore each day. The mineral which is of a $30 grade is coming principally from that section lying between the third and sixth levels.

## Resolutions!

Resolved: That during the coming year I shall smoke only LA AMADORA Havana Cigars.

**By doing this 80% of my money stays in Colorado Springs** where if I smoke a cigar made elsewhere less than 15% stays here.

As it is far **the best cigar sold here** I get **more** for my money and **keep the money here where my interests are.** (Signed) **A. SMOKER.**

## STOCK PRICES CHANGE

### QUITE A WIDE RANGE IS COVERED DURING DAY.

Feelings on Exchange Largely Professional—Railroad Securities Affected by News

NEW YORK, Jan [illegible]—Prices moved over quite a wide range today, but the market was narrow measured by the extent of the numbers interested in it. Dealings were largely professional and reflected the readiness of the speculation to move quickly from one side of the market to another. The prevailing tone was firm at the opening and there was a rally later in the day to [illegible] short sales largely because the earlier selling had induced but little liquidation.

The early decline was largely influenced by the news of the filing of the application for receivership of the St. Louis and Airline railway because of its inability to meet the fixed charges. The causes given were the depressed condition of the property, especially [illegible] legislative rate cuts of railroads in [illegible] other states and the more [illegible] general application [illegible] territory that the [illegible] positive to the news.

Even more effective was the [illegible] speculative sentiment [illegible] from Washington, but with [illegible] that a suit would be [illegible] the government against [illegible] of the Northern securities [illegible] dissolution of the Harriman railroad merger. There has grown up an assumption in some quarters of the financial world that a state of truce was to obtain between the government and the great corporations as a measure of policy in view of the depression growing out of the financial crisis. Intimation of a point looking to the segregation of the Union Pacific investments in the hands of a separate company was believed to assure removal of objections of the administration to present conditions. The Harriman railroad stocks therefore shared with the other group in the early digression.

The rise in prices which [illegible] toward the close of the year was persistently distrusted by the professional element which was inclined to assume that Wall Street was the passive agent of New York banks [illegible] for supporting prices which [illegible] appear. This view was strengthened by the general not of conservatism in annual [illegible] and it was felt to be [illegible] it is to be expected that [illegible] certain amount of summary [illegible] Industrial liquidation being [illegible] as a necessity which [illegible] may be looked for.

The downward course of [illegible] earnings also came in for special [illegible]. In this respect the November statement of the Reading showing an exception in the increase of earnings over those of last year and [illegible] the recovery in the market. The [illegible] of the market became [illegible] progressed.

The action of the money market also gave satisfaction [illegible] 90 per cent yielding [illegible] in the later dealings. Larger offerings of time funds were reported also, although rates in that department yielded [illegible]. The dwindling premium on gold [illegible] disappeared [illegible]. So long as the premium existed it was felt that [illegible] establishment of normal banking conditions remained to be an [illegible].

The reduction in the Bank of England for the discount rate from [illegible] on its market [illegible] the passing of [illegible] extraordinary measures which [illegible] signals of abnormal conditions. The [illegible] bank rates [illegible] however to be [illegible] more effective in holding up the London discount market as the [illegible] in the bank and market rate have become so wide that borrowers would not resort to the bank. The weekly return of the Bank of France was weak and indicated the likelihood of an early call on the London market for return [illegible] made it likely the Bank of France [illegible] gold [illegible] at the New York money exchange and [illegible] was [illegible] to [illegible] the prices [illegible] stocks [illegible] gains were shown at the end of the day.

Bonds were heavy. Total sales [illegible] value $1,911,000. United States bonds were unchanged on call.

# DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting toward Bright's Disease, which is kidney trouble in one of its worst forms.

# FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissue of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

**How to Find Out.**

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky, or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

**G. B. Burhans Testifies After Four Years.**

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. I return my sincerest thanks for this great medicine and mention of kidney disease experienced among my friends. I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any and suffering from kidney or bladder trouble."

Two Sizes, 50 Cents and $1.00.

## WOMEN CATCH A WOMAN THIEF.

From the New York Sun.

When a crowded car of the Franklin avenue line in Brooklyn, on its way to the Williamsburg bridge, reached the vicinity of Wythe avenue and Morton street, Williamsburg, yesterday an attractive, but poorly dressed young woman suddenly snatched a pocketbook containing $17 from Mrs. Augusta Farber, of 248 East Fourteenth street, Flatbush, and ran toward the rear platform. There was with Mrs. Farber at the time a neighbor who carried an infant.

Both women jumped from their seats when the robbery was committed and rushed after the thief, at the same time shouting to the conductor to stop the car. He had tried to stop the thief but she struck him in the face and leaped from the car. She landed on her feet and ran up Morton street to Bedford avenue.

Meanwhile the car had come to a stop and Mrs. Farber and her neighbor and about a dozen other passengers alighted and pursued the fugitive. The thief while running took the $17 and threw away the pocketbook. She turned into Bedford avenue and ran to Taylor street and down the latter thoroughfare toward Lee avenue. More than 100 persons had joined in the chase.

Mrs. Farber caught the fugitive; the girl turned savagely and struck her in the face. Mrs. Farber's companion, who followed her with the baby in her arms, went to Mrs. Farber's aid, and they kept a tight grip on the thief until Policeman Sauer, of the Clymer Street Station, who was attracted by the chase, appeared.

He arrested the girl and took her to the police station, where she said she was Florence Ariano, 19 years old, of 2816 East Twenty-third street, Coney Island. The girl began to sob and said she was the eldest of 13 children and that her family was very poor. Her father was a popcorn vendor, she said.

In the Lee Avenue Police Court the girl was held in $600 bail pending a further hearing by Magistrate Higginbotham.

## "CHEW GUM"—

### ADVICE TO JUROR

From the New York Times.

Among the line of falesmen seeking to escape jury duty before the Supreme Court in Flushing yesterday was one man who said he was suffering from indigestion.

"What is that?" inquired Justice Aspinall.

"May it please your Honor," replied the juror, "I am subject to attacks of indigestion."

"Chew pepsin gum; that will give you relief," returned his Honor as he marked the juror present.

"I've got a bad cold," interrogated another jury-shirking citizen.

"What are you doing for it?" demanded the Justice.

The juror replied that he was dosing himself with a much-advertised patent medicine.

"That's a fine remedy," replied the Justice. "I know a man who once took that mixture and he is still alive. I guess you will be able to live all right."

## HANGED AND BURIED.

A St. Petersburg correspondent of the [illegible] writes a description of the hanging of [illegible], one of three young men who were tried by courtmartial for attempting to assassinate the Czar, and Kit Parkin. ## Judge Us by Our FURNITURE

There's a difference between trade winners and trade keepers. A trade winner is a piece of furniture for little money. A trade keeper is "good money's worth" of furniture. The BEST FURNITURE is never too good.

We have set a standard and propose to adhere to it. We are growing fast.

Our goods, our prices and our modern, correct ways of doing business have done it.

Will you let us have the opportunity of showing you how well we can supply your wants and how surely we can save you money?

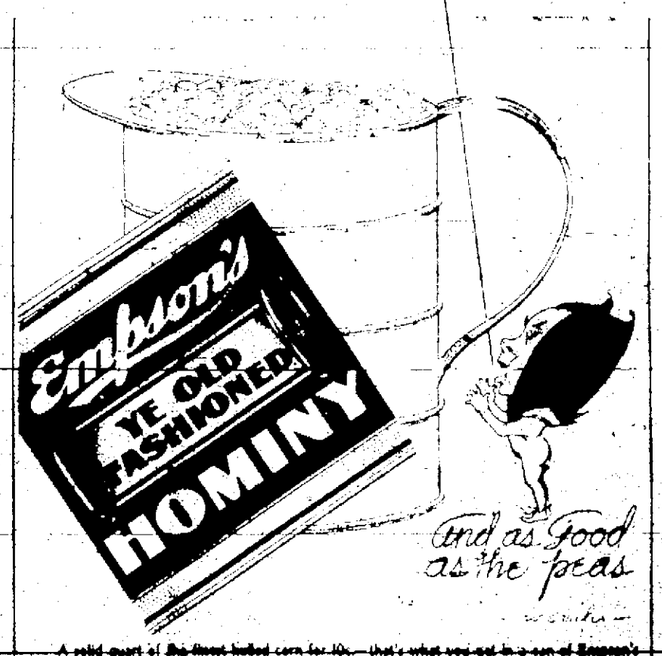
Peas, Pork and Beans, Pumpkin, Hominy—say Empson's, please.



A solid quart of the finest hulled corn for 10c—that's what you get in a can of Empson's Hominy.

Nothing can be cleaner or purer than this good hominy or hulled corn. It is scientifically prepared under hygienic conditions. It is cleaned and cleaned, and cleaned and cleaned and sealed in the can clean, pure and sweet enough to be served from the can.

Empson's hominy in the can is quite as cheap and vastly better than bulk hulled corn exposed to the impurities of the air. Ask for Empson's Hominy—95 per cent. of the grocers in Colorado give it the preference.
